3. After new members have been accepted by the Prague SNB Headquarters, they are sent to either of two schools: at Libejovice near Vodnany, or near Plzen. At the Libejovice school, about 180 persons are trained by about 40 instructors, who usually hold the rank of W/O. The Commanding Officer of this school is 2nd Lt. Mixa, who is about 40 years old, of weak build, with black hair and eyes, and a fanatical Communist. Training at this school lasts three months and consists of infantry drill and specialized instruction in the art of self-defense and shooting.
4. The Hamusov pit offers the best opportunity for escape, since the prisoners work there in groups and the entire area, which is about 7-8 km long, is guarded by only two SNB men.
